October - December 2025 Edition

Dil se baat

Evolving with Purpose.
Expanding with Vision.

Dear KRYFSians,

As we step into the New Year, I extend my warm wishes to each one of you & your families for a year filled with good health, positivity, & new opportunities. The beginning of a new year is always a moment of reflection & renewal, a time to acknowledge how far we have come, & to prepare ourselves for what lies ahead.

Saif Qureishi

At KRYFS, progress has never been accidental. It has always been driven by our willingness to learn, adapt, & improve. This is why Kaizen, continuous improvement, has become such an important part of our culture.

Improvement is not limited to large projects or major transformations; it is equally about small, consistent steps taken every day.

It is about questioning existing ways of working, adopting better practices, & being open to change. In today's rapidly evolving business environment, the ability to improve continuously is what enables organisations & individuals to stay relevant & resilient.

This mindset of improvement & forward movement is reflected strongly in an important milestone we are introducing this month, the new KRYFS logo.

Hamesha Kaizen

KRYFS
HAMESHA KAIZEN

Our new brand identity represents how KRYFS is evolving with purpose & expanding with vision. Together with Zetwerk, KRYFS is moving beyond traditional boundaries, shaping a smarter, stronger, & more connected future in power engineering. The new logo captures the spirit of progressive growth & innovation, symbolising an organization that is continuously evolving, learning, & preparing itself for larger opportunities ahead.

There is a clear reflection of Zetwerk's strength & scale in this new identity. It signifies support, collaboration, & shared ambition, reinforcing our ability to grow faster, think bigger, & operate with greater confidence. At the same time, the identity remains true to KRYFS's legacy, values, & deep-rooted expertise built over decades. It represents a balance between experience & agility, stability & growth.

The new logo also establishes a strong, modern corporate presence. It evokes the confidence of a well-established brand with an international outlook, one that is ready to engage with global customers, adopt advanced practices, & meet evolving expectations with professionalism & consistency. It is a visual expression of where KRYFS stands today, & where it is heading tomorrow.

However, this evolution is not just about a new look. It is about how we think, how we work, and how we grow together. True transformation happens when each KRYFSian embraces improvement in their daily role, by learning new skills, adopting new systems, improving efficiency, & supporting one another through change.

As we move forward in this new phase, let us see this change as an opportunity to raise our standards, strengthen our capabilities, & build a future we can all be proud of. Once again, I wish all KRYFSians & your families a very Happy New Year. May this year bring progress, purpose, and shared success for us all.

A Legacy Built on Trust

What started as a bold vision has grown into a powerful journey of consistency, commitment, & credibility. Over 34 years, KRYFS has not just built systems & solutions, but strong relationships, lasting trust, & a legacy powered by people & purpose. Guided by our 7H values, every milestone achieved is a reflection of the passion & dedication of the KRYFS family.

Congratulations on 34 incredible years & a big thank you to every KRYFSian (present & past) for being the driving force behind this remarkable journey.

Mr. Mohan Trivedi

A Journey Built on Commitment

Celebrating 34 years, KRYFS honors Mr. Mohan Trivedi, VP, a driving force behind our growth & operations from KK units to Bhopal, & now leading Units I, III & IV, with remarkable work on Unit V.

Q: What made you join KRYFS in the early years?

I wouldn't say I joined KRYFS. It was destiny. As part of the Qureishi family, I became involved from the very beginning. It wasn't a career decision but an emotional connection, a sense of belonging to a shared dream. I'm proud to have witnessed KRYFS grow from its very beginning.

Q: What has kept you connected to KRYFS over the years?

KRYFS is more than a company; it's a family. The support, guidance, & opportunities to learn & grow have kept me connected. Feeling valued & trusted through every challenge is what binds me to KRYFS even today.

Q: Which moment in your KRYFS journey are you most proud of?

One of my proudest moments at KRYFS was in 2004 when we transformed production from manual processes to automation, becoming the first lamination manufacturer in India to do so & introducing step-lap designs. What seemed impossible was achieved through teamwork, perseverance, & dedication, reaffirming my faith in KRYFS's values. On a personal note, seeing my daughter get married & succeed in life has been a source of immense pride & gratitude.

Q: What is the biggest change you've seen at KRYFS?

When I started, KRYFS was a small team of fewer than five, driven by a shared dream. Today, it's a respected name in the transformer industry with advanced automation, multiple modern facilities, & a skilled workforce. Yet the spirit of dedication & togetherness remains unchanged.

Q: What value or habit at KRYFS resonates with you the most?

All 7H Values resonate with me, but 'Values above business' stands out. Integrity guides every decision & relationship, shaping KRYFS's culture & making it a brand people trust for how we do things, not just what we do.

Q: One message you would like to share with today's KRYFSians.

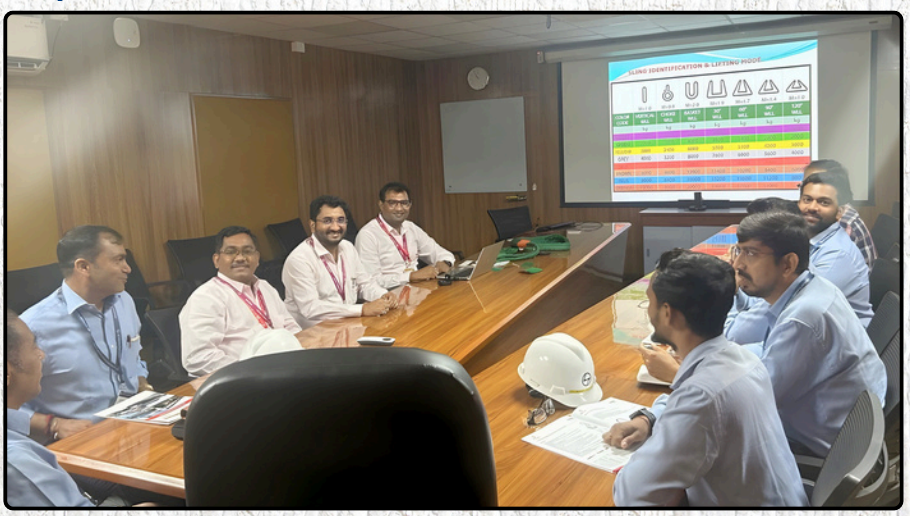

To all KRYFSians, past & future: come with sincerity, a positive attitude, & a willingness to learn, KRYFS will give you every opportunity to grow. Stay true to the 7H Values, keep your passion alive, & focus on continuous improvement. My journey would not have been possible without the constant support of my father & family, who have been my strength at every step, along with the guidance & inspiration of Senior Sir, Saif Bhai, & my friend Ilyas Gadriwala, whose leadership, mentorship, & belief in me have shaped my growth. Their example of treating everyone like family has made my journey at KRYFS truly meaningful, & I will always carry their teachings with me.

Strategising for Smarter Growth

KRYFS actively participated alongside Zetwerk in the Zetwerk Business System New Customer Acquisition Workshop, held over an energising 2.5 days. More than 60 leaders collaborated to identify growth opportunities, sharpen customer segmentation & value propositions, & create actionable plans for the next phase of growth. Guided by Jai Shankar Krishnan, the workshop reflected strong alignment, ownership, & collaboration, marking an important step in KRYFS & Zetwerk's shared journey toward stronger execution & customer focus.

Sharing Knowledge. Creating Value.

Expo Highlights

Our participation in multiple exhibitions strengthened industry connections, enhanced brand visibility, & created opportunities for meaningful engagement across markets.

3rd Edition MEP Consultant Meet

4th Nepal Electric, Power and Lights International Expo

Solar Contractors Meet BHOPAL 2025

Saifee Burhani Expo

Renewable Energy India Expo 2025

TECH VAPI

Our CSR Initiatives

On the birth anniversary of our Chairman, Shree Fakhruddin Qureishi (Senior Sir), KRYFSians visited the Cerebral Palsy Association to honour his legacy of compassion & service. Spending time with the children through games & shared meals, the initiative beautifully reflected his enduring values of kindness & empathy.
